

Fiscal Year 2022-2023 Recap

The Haven of Grace

Serving Women, Children - Families

Serving women who are pregnant and homeless, The Haven of Grace provides a safe, nurturing home, educational programs and long-term support for mother and child. Founded in faith, we instill hope, dignity and the pride of independence, one family at a time.

2023 was a big year for The Haven of Grace. We added needed transportation resources with the start of Project Lift and we increased access to mental and emotional health services for the moms and kids on our campus! We are continuing to explore the developmental needs of the babies who are born into our care.

Program	Details	Outcome
Supportive Maternity Center	17 healthy infants born and 49 total children served on the campus	<ul style="list-style-type: none">Children born into safe and healthy circumstances have better life outcomes

Thinking of the Future

We have committed to holistic support and are prioritizing the generational healing of the moms and babies on our campus. As we move forward, we are better recognizing the systems that perpetuate housing insecurity and wealth gaps. We are working toward a more equitable future for the families we serve.
